MEMORANDUM FOR: Acting Director of Training

SUBJECT : Weekly Activities Report
14 - 18 September 1970

STAFF TRAINING BRANCH

1. In all likelihood we will have to cancel the CS&T Ops Course scheduled for 19 - 30 October. At this time there are only three students enrolled and it is simply not economical to run it for fewer than ten trainees. In addition, we need sufficient lead time to make arrangements for the trips to Huntsville and Cape Kennedy, thus this course does not lend itself to last minute enrollments.

2. The BNDD briefing scheduled for 13 - 14 October 1970 will be held in the Auditorium at Headquarters. This will permit a much larger attendance than originally planned. An OTR Special Bulletin announcing this change will be sent to all Agency Training Officers. [REDACTED] DDS staff, has been notified of this change.

3. There are now 18 students enrolled in the SB Ops Course beginning 5 October, 12 of whom are from the SB Division and many are recent overseas returnees. [REDACTED] Acting Deputy Chief, SB Division, has reservations about conducting the running of this course citing that the SB Division officer applicants might better spend their time at profitable work in the Division and that some other course nominees may not need to take the SB Ops Course based on their projected assignments.

4. The CS Reports Officer Seminar scheduled for 0930-1300 hours, 22 October, Room 603 Glebe, will have representatives from all CS Area Divisions, FI Staff officers, and directly interested OTR officers for a probable total of 22 participants. The objective of the Seminar is to discuss ways and means to improve positive intelligence reporting.

5. Final arrangements are being made for Project USEFUL (about 50 military officer students) including the coordination and scurrying needed to accommodate a USAF Major General from the Tactical Air Command who wants to land his helicopter on the Headquarters chopper pad so he can attend a one-half day session on Wednesday, 23 September 1970. At the specific request of the COS, [REDACTED] via the Headquarters desk officer, arrangements have been made through JCS/SACSA for a US Army Colonel in SOUTHCOM who works closely with the COS to attend the course. ** he cancelled* 25X1A6a
